COMPANY PROFILE

Dua Berlian Pilar was established to provide a complete range of products and technical services for all industries. We are dedicated to offering comprehensive solutions that meet the unique needs of our clients, delivering high-quality products and services to ensure their success.

Dua Berlian Pilar is a well-established company, founded in 2010, specializing in a variety of industries and services. Our main focus is trading in industrial and sanitary equipment, as well as fabrication of fiberglass reinforced plastic and stainless steel products. In addition, we provide technical services in areas such as housing, power plants, high-rise buildings, EPC, petrochemical, chemical, waste management, hospitals, pharmaceuticals, food and beverage, and more.

In 2012, we further expanded our business into the construction and installation sector, offering mechanical, electrical, plumbing, and instrumentation services. With a commitment to quality and customer satisfaction, PT Dua Berlian Pilar has established itself as a leading provider

Our Lineup Of Product & Service

Service

- Plastic Work (Tank & Vessel, Clarifier, WWTP, Hood, Filter, Gutter, Scrubber, Pipe, Flange & Fittings, Acyd Proofing, Ducting, Grease Trap, Biological Tank, Ground Tank, Roof Tank, Panel Tank)
- Metal Work (Pressure Tank & Vessel, Waste Water Tank, Clarifier, Ducting, Hood, Gutter, Roofing, Biological Treatment Tank, Silo, Cyclone, Steel Structure, Mixing Tank, Low Return Grill/Air Grill)
- Mechanical & Plumbing Work (Piping For Water, HVAC Hydrant & Sprinkler, Cooling, Steam, Railing, Fender Platform Compressed Air, Water Treatment Unit)
- Electrical & Electronic Work (Panel System, Lighting, Wiring Cable Data, Work Station Sound System, PABX, CCTV, Fire Alarm, Instrumentation & Controls)

Product

- Valves, Pipes, Fittings & Instrument Controls
- FRP Product, FRP Accessories, & Filter
- Fans, Pump, Blower, & Compressor
- Kitchen Equipment & Stainless Steel Product
- Electrical Equipment
- Pharmaceutical Machine

CIP/SIP Cleaning & Sterilization

- Follow the ASME BPE design concept to ensure that the system has no cleaning dead leg; It has a good self-cleaning function and will not cause secondary pollution.

- According to customer requirement, provide professional CIP cleaning design calculations to ensure the cleaning effect in the shortest time and save time.

- According to different production processes, provide different CIP systems such as single tank, double tanks, three tanks, etc. to meet cleaning needs.

- The system can provide simple cleaning, complete cleaning and other cleaning process combinations to meet the needs of different cleaning objects.

- The system can realize automatic configuration of cleaning solution, automatically adjust the parameters such as temperature, pressure and flow, and automatically judge cleaning end point.

- All cleaning parameters, process data, and alarm records can be automatically stored to ensure data integrity and comply with 21CFR PART11 electronic records/electronic signature requirements; The system is stable and reliable.

Purified Water Generator

- Modular design, compact structure, easy and fast on-site installation
- Advanced automatic control method, stable and reliable operation
- Double softening in series, alternate regeneration, effective control of microorganisms
- No intermediate water tank design to avoid secondary pollution risk
- All pasteurization, free and flexible disinfection methods
- Double water supply and unique recycling methods to prevent the breeding of micro-organisms throughout the system
- Constant pressure control to prevent system pressure from being too high in the cycle state and extend EDI's service life
- The recovery rate of reverse osmosis system can be adjusted automatically, or the concentrated water recovery device can be selected to save energy greatly
- Flexible water supply, reduce downtime, save energy, and prolong equipment life

PRODUCT CATALOGUE

SteriPS Filter Cartridges

PES Membrane·Sterile Liquid Filter

SteriPS Filter Cartridges are specially designed to provide a reliable sterilizing solution at an economical cost. Hydrophilic PES membrane cartridges require no pre-wetting and are ready to use. In addition, these filters provide excellent performance in pharmaceutical applications.

Features and Benefits

- Low diffusion flow
- Inherently hydrophilic PES membrane
- High surface area provides excellent flow rates and extended service life while maintaining high bacteria removal efficiency
- Low protein binding

Quality Standards

- Bacterial quantitative retention of 10^7 CFU/cm² *Brevundimonas Diminuta*(ATCC 19146) according to ASTM F838 methodology .
- 100% Integrity testing in manufacturing .
- Each filter is fully traceable with unique serial number .
- Manufactured in a facility which adheres to ISO 9001:2015 Practices .
- Full Regulatory Compliance with following :
 - Bacterial Endotoxin :Aqueous extraction of autoclaved filter contains <0.25 EU/ml as determined by Limulus Amebocyte Lysate (LAL),USP<85>.
 - Non-fiber Releasing :Component materials meet the criteria for a " Non-fiber-releasing filter " as defined in 21 CFR 210.3(b)(6).
 - Component Material Toxicity :Meet the requirement of USP <87> In Vitro Cytotoxicity Test ; Meet the Criteria of USP<88> Biological Reactivity Test for Class VI-121 C plastics
 - TOC/Conductivity at 25 °C : Autoclaved filter effluent meet the USP<643> for Total Organic Carbon and USP<645> for Water Conductivity per WFI requirements after a UPW flush of specified volume .
 - Particle Shedding : Autoclaved filter effluent meet the USP<788>for large volume injections .
 - Indirect Food Additive: All component materials meet the FDA Indirect Food Additive requirements cited in 21 CFR 177-182 , and EU framework regulation [1935/2004/EC].

Typical Applications

- Antibiotics
- LVP & SVP
- Large Batch Solutions
- Cleaning & Disinfecting Liquids

PRODUCT CATALOGUE

HT TefloGas Filter Cartridges

Hydrophobic PTFE Membrane · Sterile-Grade Filter for Critical Gas Filtration

HT TefloGas Filter Cartridges are composed of a PTFE membrane with advanced high-temperature-resistant core and internal adaptor. They are specially designed for air, gas, and vent sterile filtration at critically high temperatures.

Features and Benefits

- Designed for Water Intrusion Test (requires no alcohol)
- Oxidation-resistant materials provides longer service life in high temperature air and vent applications
- Exceptionally high flow rates with low pressure drops
- Part/Serial number are laser-etched and have 2D matrix code for easy tracking
- Filter construction provides steam resistance at high temperatures

Quality Standards

Bacterial quantitative retention of 10^7 CFU/cm² *Brevundimonas Diminuta*(ATCC 19146) according to ASTM F838 methodology .

- 100% Integrity testing in manufacturing .
- Each filter is fully traceable with unique serial number .

Typical Applications

- Autoclaves
- Fermented Inlet Air
- Aseptic Packaging/Blow-fill Seal (BFS)
- Hot Water for Injection (WFI) Tank Vents
- Oxygen-rich Fermented Air

PROJECT REFERENCE LIST

SANBE

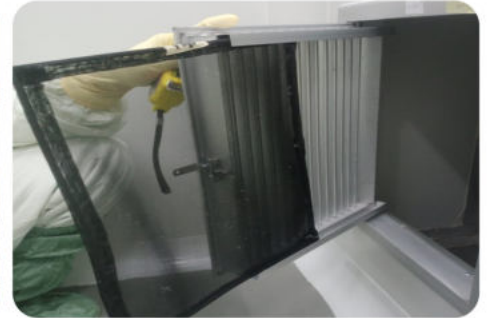

Sanbe Farma

Sanbe Farma didirikan pada tahun 1975. Kami adalah produsen farmasi terbesar di Indonesia dan menurut Laporan IMS baru-baru ini, kami menempati peringkat tertinggi di antara semua Produsen Farmasi di Indonesia termasuk Perusahaan Multinasional.

Location : Jl. Tamansari No.10, Tamansari, Kec. Bandung Wetan, Kota Bandung, Jawa Barat 40116

Industry : Farmasi

Project : Tangki Solar, Pressure Tank, Low Return Grill

KENDAL
INDUSTRIAL
PARK

Kendal Industrial Park

Kendal Industrial Estate adalah kompleks industri internasional yang dioperasikan oleh PT Kawasan Industri Kendal dan dikembangkan oleh PT Jababeka Tbk dan Sembcorp Development Ltd sebagai kerjasama bilateral antara Indonesia dan Singapura.

Location : Brangsong Utara, Brangsong, Kec. Brangsong, Kabupaten Kendal, Jawa Tengah 51372

Industry : Pusat Kawasan Industri

Project : Instalasi Listrik, Pipa, Sanitasi, & Proteksi Pipa (As Sub-Con)

PROJECT REFERENCE LIST

meiji

Meiji Indonesian Pharmaceutical Industries

PT. Meiji Indonesia memproduksi berbagai macam obat resep dokter, produk OTC, dan obat hewan yang telah sukses baik di pasar dalam negeri maupun pasar internasional. Kami terus berinovasi dengan menggabungkan pengalaman selama bertahun-tahun dengan dukungan teknologi modern.

Location : Jl. Mojoparon No.1, Mojokopek, Latek, Kec. Rembang, Pasuruan, Jawa Timur 67153

Industry : Pharmaceutical

Project : FRP Lining, Piping Installation, Chemical Tank

BIOTEK
Farmasi Indonesia

Biotek Farmasi Indonesia

PT Biotek Farmasi Indonesia adalah sebuah perusahaan yang bergerak di bidang kesehatan (healthcare) yang terintegrasi di Indonesia. Perusahaan yang memproduksi **Obat Terbaik Dunia Produk Anak Bangsa**.

Location : PT Biotek Farmasi Indonesia Jl. Cempaka Putih Tengah I, No, 3A, Daerah Khusus Ibukota Jakarta 10510

Industry : Pharmaceutical

Project : Installation WWTP, Clean Water Utility, Compressor Utility

PROJECT REFERENCE LIST

PZ Cussons Indonesia

PZ Cussons telah dipercaya memberikan produk berkualitas di bidang beauty and personal care. Sejak tahun 1988, PZ Cussons Indonesia memiliki 4 brand di kategori perawatan pribadi, yaitu Cussons Baby, Cussons Kids, Imperial Leather, dan Original Source.

Location : Jl. Halim Perdana Kusuma No.144, RT.002/RW.003, Kb. Besar, Kec. Batuaceper, Kota Tangerang, Banten 15122

Industry : Consumer Goods

Project : FRP Lining, Building Painting Project, Piping Hydrant

Yuasa Battery Indonesia

PT Yuasa Indonesia memproduksi aki mobil dengan target pasar domestik. Seiring perkembangan, PT Yuasa Battery mulai mengembangkan proses produksi aki ke berbagai produk aki mobil & motor.

Location : Jalan Mh. Thamrin no.1 Panunggangan Utara Tangerang, Kec. Pinang, Kota Tangerang, Banten 15143

Industry : Battery

Project : Supply & Install Kitchen Equipment, WWTP

PROJECT REFERENCE LIST

Berina Tirta Gemilang

PT Berina Tirta Gemilang didirikan pada tahun 2008. Berina merupakan perusahaan perusahaan yang bergerak di bidang trading yang berkembang pesat menjadi salah satu yang terbaik pada bidang khusus kimia umum Indonesia.

Location : K. Industri Modern Cikande, Jl. Modern Industri XVIII Blok AN No.11 Desa Nambo Udik, Kec. Cikande, Kab. Serang

Industry : Kimia

Project : FRP Lining, Cerobong Reactor, Concrete

etana

Biotech

Etana Biotechnologies

Didirikan pada tahun 2014, PT Etana Biotechnologies Indonesia (Etana) adalah produsen biofarmasi berkualitas tinggi, terjangkau, dan inovatif untuk mengobati berbagai penyakit metabolik, autoimun, dan penyakit serius yang mengancam jiwa lainnya, termasuk kanker.

Location : Kw. Industri Pulo Gadung, Jl. Rw. Gelam V Blok L Kav. 11-13, RW.9, Rw. Terate, Kec. Jatinegara, Cakung, Jakarta Timur

Industry : Farmasi

Project : Instalasi Fitting & Pipa Thermal Control Unit

PROJECT REFERENCE LIST

IFF

Essence Indonesia International Flavors & Fragrances

PT Utama Sinergi Karya (HSK), merupakan sebuah perusahaan trading untuk komponen mesin, perlengkapan penunjang kebutuhan industri umum, & jasa modifikasi/bubut.

Location : PT Essence Indonesia (IFF) Jl. Harapan V lot.KK-9A
KIIC, Sirnabaya, Teluk jambe Timur, Karawang

Industry : Cosmetics

Project : FRP Lining Bak Chiller, FRP Lining Flange (As Sub Contractor)

Mahakam Beta Farma

Mahakam Beta Farma adalah perusahaan farmasi dan kesehatan yang inovatif, kompetitif dan terkemuka dengan merek yang kuat. Kami bangga memberikan produk berkualitas tinggi dan layanan terbaik kepada pelanggan kami.

Location : Jl. Pulokambing Raya No.9, RW.11, Jatinegara, Kec. Cakung,
Kota Jakarta Timur, Daerah Khusus Ibukota Jakarta 13930

Industry : Farmasi

Project : Perbaikan Ducting STP, Audit Coding Wiring Panel

PROJECT REFERENCE LIST

Duta Putra Mahkota

PT Duta Putra Mahkota adalah suatu perusahaan swasta yang bergerak dibidang property & real estate.

Location : Grand Duta City South Of Jakarta, Jl. Raya Parung – Bogor Kabupaten Bogor, Jawa Barat, 16330

Industry : Real Estate & Developer

Project : Bak Sampah Fiberglass

PT. Nulab Pharmaceutical Indonesia

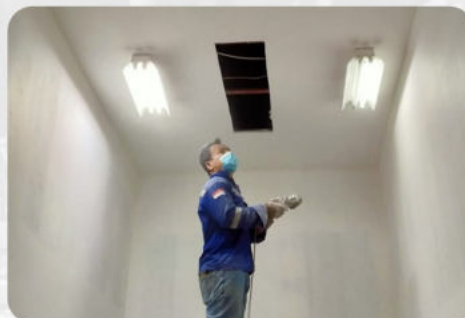

Nulab Pharmaceutical Indonesia

Nulab Pharmaceutical Indonesia merupakan perusahaan yang bergerak di bidang farmasi.

Location : Nulab Pharmaceutical, Jl. Manis Raya RT/RW 006/01, RT.002/RW.001, Manis Jaya, Tangerang, Banten 15136

Industry : Farmasi

Project : Instalasi Listrik, AC, dan Perpipaian (As Sub Contractor)

PROJECT REFERENCE LIST

Pulunaga Persada

Pulunaga Persada berdiri sejak tahun 2008, kami melihat ada peluang yang baik untuk memulai bisnis dibidang PKRT (Perbekalan Kesehatan dan Rumah Tangga) khususnya produk pembersih. Kami mulai menjalin kerjasama dengan perusahaan retail yaitu Makro Indonesia.

Location : Kawasan Industri Millennium 21 Blok : L3 No. 3B1
Kec. Panongan, Cikupa, Tigaraksa, Banten 15170

Industry : Consumer Goods

Project : IPAL, Mixing & Storage Tank, Piping Sanitary

HOCK

Hokinda Citra Lestari

Bermula dari industri rumahan oleh Bapak Kusnadi, HOCK kini telah berkembang menjadi perusahaan standar Internasional dengan penyebaran produk se-Indonesia dan mancanegara.

Location : Jl. Orde Baru No.6 A, Paya Geli, Kec. Sunggal, Kabupaten Deli Serdang, Sumatera Utara 20351

Industry : Kitchen Equipment

Project : Water Treatment Plant

PROJECT REFERENCE LIST

ANUGRAH MAJU PERMAI

Anugrah Maju Permai

Anugrah Maju Permai merupakan memiliki salah satu lini bisnis yaitu Sport Center Marakas, yang terdiri dari beberapa pusat kebugaran seperti Kolam Renang, Gym, dan lainnya.

Location : Waterboom Sport Center Marrakash, Jl. Marrakash Bahagia, Kec. Babelan, Kabupaten Bekasi, Jawa Barat, 17610

Industry : Wahana & Pusat Kebugaran

Project : Lining Fiberglass Reinforced Plastic

Abadi Prima
Intikarya

Abadi Prima inti Karya

PT. Abadi Prima Inti Karya adalah perusahaan konstruksi yang berdiri pada tahun 2010 yang sebelumnya merupakan Unit Konstruksi PT. Adhimix Precast Indonesia yang berdiri pada tahun 2004.

Project Location : Asrama Polri Menteng, Jl. Sutan Syahrir No.1, Gondangdia, Kec. Menteng, Kota Jakarta Pusat

Industry : Contractor

Project : Equipment Ruang Genset (As Sub Contractor)

PROJECT REFERENCE LIST

MANDIRI ADIBUANA LESTARI

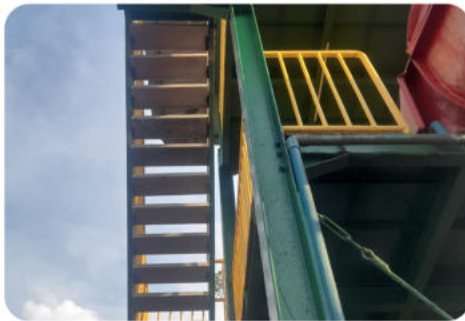

Mandiri Adibuana Lestari

PT Mandiri Adibuana Lestari merupakan salah satu perusahaan yang memiliki lini bisnis pada Sport Center berupa Kolam Renang.

Location : Sport Center Duta Garden, Kel. Jurumudi Baru Kec. Benda
Kota Tangerang, Banten

Industry : Wahana & Pusat Kebugaran

Project : FRP Lining & Perbaikan Tangga

ROHTO

Rohto Laboratories Indonesia

ROHTO pertama didirikan pada tahun 1889 sebagai Apotek Shintendo Yamada Anmin, toko obat keluarga yang dijalankan oleh Yasutami Yamada di Osaka, Jepang. Perusahaan ini adalah pelopor dalam obat bebas dan produk perawatan kesehatan konsumen.

Location : Jl. Raya Cimareme No.203, Cimareme, Kec. Ngamprah,
Kabupaten Bandung Barat, Jawa Barat 40552

Industry : Kosmetik

Project : Perbaikan Tangki Tap Water System

PROJECT REFERENCE LIST

Setia Pratama Konindo

PT. SETIA PRATAMA KONINDO adalah sebuah perusahaan yang bergerak dalam bidang jasa konstruksi dan mechanical electrical. Jasa pelayanan kami meliputi pengerjaan pematangan lahan (cut&fill), pembangunan infrastruktur, mechanical & electrical, pembangunan pabrik dan gudang.

Location : Ruko Milenium, Jl. Pemda Tigaraksa No.3 A, Budi Mulya, Kec. Cikupa, Kabupaten Tangerang, Banten 15720

Industry : Kontraktor

Project : FRP Lining Talang

PLN INDONESIA POWER - SURALAYA

PT Indonesia Power Suralaya Power Generation Unit (PGU) adalah salah satu Pembangkit Listrik Tenaga Uap (PLTU) yang dimiliki oleh PT Indonesia Power, yang merupakan anak perusahaan dari PT PLN (Persero).

Location : Jl. Suralaya No.21, Suralaya, Kec. Pulomerak, Kota Cilegon, Banten 42439

Industry : Perusahaan Listrik

Project : FRP Lining, Instalasi Valve & Fitting Tangki, Tangki 36M3 (As Sub Contractor)

PROJECT REFERENCE LIST

SUVINDO SAKTI

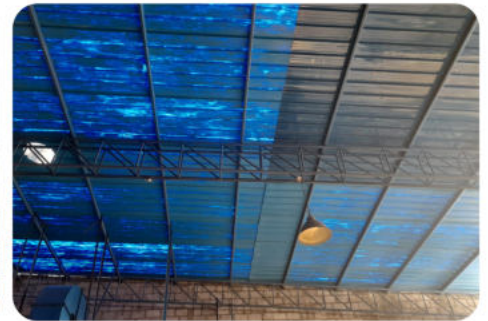

Suvindo Sakti

Suvindo Sakti merupakan perusahaan yang bergerak di bidang penjualan spareparts khusus sepeda.

Location : Komplek Pergudangan Sentra Benda Blok B No. 15, Jl. Husein Sastranegara, RT.5/RW.8, Rawa Bokor, Benda, Tangerang City

Industry : Trading Company

Project : FRP Lining Talang

Talavera Office Park

TALAVERA Office Park, terdiri dari TALAVERA Tower dan TALAVERA Suites, hadir sebagai salah satu gedung perkantoran Grade A paling eksklusif di sekitar area tersebut, dan salah satu figur ikonik yang membentuk cakrawala Jakarta Selatan.

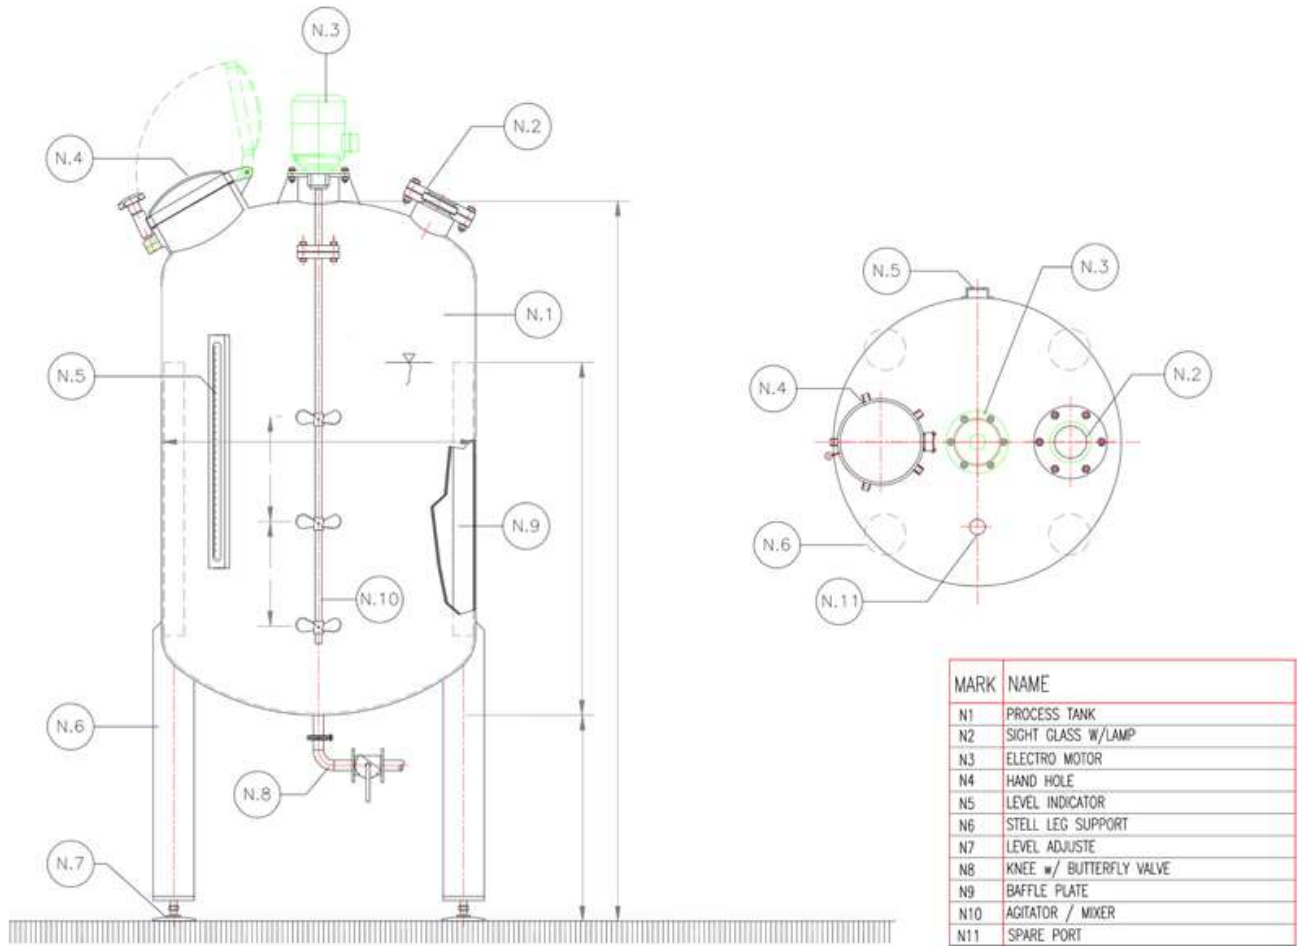

Location : Talavera Office Park, Jl. Pangeran Antasari No.23, RT.1/RW.1, Cilandak Bar., Kec. Cilandak, Kota Jakarta Selatan.

Industry : Perkantoran

INNOVATIVE PRODUCTS & EXPERT TECHINCAL SERVICES

DISCOVER THE VALUE IN OUR PRODUCT & SERVICES

Sanitary Equipment

We always offer top-quality sanitary equipment, including valves, fittings, pipes, and more. Designed for durability and reliability, our products meet all your sanitary needs in the industrial, commercial, or residential sector. Trust us for your next project.

Industrial & Electrical Equipment

Your one-stop-shop for industrial and electrical products, including pumps, ring blowers, forklifts, electrical panels, electrical components, and more. Our products are designed to meet the highest standards of quality and performance, ensuring your projects run smoothly. Trust us for all your industrial and electrical needs.

FRP Fabrication

We specialize in creating top-quality fiberglass reinforced plastic (FRP) products. Our range includes fiberglass tanks, wastewater treatment plants (WWTP), water treatment plants (WTP), fiberglass linings, and much more. We use professional techniques to produce strong, durable, and long-lasting FRP products that provide exceptional performance in a wide range of applications.

Metal Fabrication

Our company specializes in creating stainless steel tanks, sanitary mixing tanks, storage tanks, stainless steel racks and tables, low return grills, kitchen stainless steel, and more. We use only the best materials and follow the highest standards to produce products that are both durable and reliable, ensuring that you receive the best quality possible.

Mechanical & Plumbing Services

Experience expert service with our plumbing and mechanical services. Our company provides installation services for pipes, waste treatment, water treatment plants (WWTP), ducting, chimneys, FRP lining, and more. With a team of skilled professionals and state-of-the-art tools, we are equipped to handle any project and ensure that you receive the highest level of quality and reliability.

Electrical & Electronic Services

Introducing our electrical service products, our company provides expert electrical service solutions including installation of electrical systems, panels, wiring cables, fire alarms, instrumentation and control, sound systems, CCTV, & many more. Our experienced technicians ensure top quality service for all our clients.
